## AUDITOR'S REPORT.

---

*Hon. J. Frank Hanly, Governor of Indiana:*

Sir—I have the honor to herewith submit for your examination the report of the Auditor of State for the fiscal year ending September 30, 1907, giving in detail the fiscal affairs of the State, with an elaborate showing of receipts and disbursements and exhaustive tabulations reviewing abstracts of county duplicates and settlements; valuable data, associated with tax levies, duplicates, and all features associated with the assessment, collection and disposition of public revenues. I have also submitted extended reports of the insurance, land, building association, banking and trust bureaus, with suggestions as provided by statute, that in my judgment would be of benefit to the people in strengthening the law as to the efficiency of these agencies of public utility.

### ACCOUNTING DEPARTMENT.

There is for 1906 levied for State purposes an aggregate tax of 31.35 cents on each \$100. Of this amount, twelve cents is for the General Fund, and five cents for the Benevolent Institution Fund. From the levies in these funds combined come to the State all the taxes that are, or can be used for the general expense of the State, and said taxes amounted last year to \$2,830,598.68. The levy for school purposes is eleven cents and six mills on the \$100, and the taxes resulting are distributed pro rata among the different counties, according to the enumeration of school children. This tax aggregated last year \$2,003,719.62. The Educational Institution tax of two and three-fourths cents on

each \$100 amounted to \$437,691.72 and was distributed as the law provides: four-elevenths thereof to the Indiana University, three-elevenths thereof to the State Normal School, and four-elevenths thereof to Purdue University.

The tax duplicates of the State amounted to \$1,591,281,151.00. The amount of delinquent tax is \$296,028,557.00. There can be no legitimate reason to justify such a large delinquency. In this season of universal prosperity, if taxes can not be collected, there must be some radical wrong, proceeding from local causes. It is manifestly a very grave injustice to the taxpayers who meet these contributions for the operating expenses of government, that such a large per cent. of their neighbors are permitted to either go scot-free, or do indifferently, and often inadequately, what should be the very first patriotic duty of good citizenship. Thousands of dollars are absolutely lost, by either going off the duplicates through insolvency, or the removal of delinquents to other locations. The Legislature recently endeavored to cure this wrong by increasing the treasurer's fees two per cent., but still the evil exists, and in my judgment, because of the lack of heroic enforcement of the present laws. I believe the State Tax Commissioners are delegated powers by the statute to supervise delinquent taxes in the different counties, but if additional legislation is necessary, it ought to be supplied, to the end that these omissions of public duty and omissions of tax payments should cease. The yearly conference of County Assessors with the State Board of Tax Commissioners has introduced uniformity into the valuations of farm and other tangible personal values.

The total tax levy of the State for State, county and municipal purposes for the year of 1906 was \$33,515,277.06 and I would say that a collection of 92 per cent of the entire levy would be a fair estimate.

## MISCELLANEOUS QUESTIONS.

Were all the transactions of the company of which notice had been received at the home office at the close of business December 31 truthfully and accurately entered on its books for and during the year ending on that date?

Answer.—Yes. E. and O. E.

Does this statement show the condition of the company as shown by the books at the home office at the close of business December 31?

Answer.—Yes, except as modified by change of entries made at the suggestion of the examiners of the Insurance Department of Indiana.

Is there a loading or margin for expenses on all policies over the net premium according to the state standard?

Answer.—Yes.

Is any surrender value promised in excess of the reserve as legally computed? If so, what amount therefor has been included in liabilities, and where?

Answer.—No, except in a few isolated cases, where paid up insurance is given for an amount infinitesimally in excess of the amount of paid up insurance the reserve would purchase. The amount thereof is so small that it has not been computed or included in the liabilities.

Is the business of the company conducted upon the mutual, mixed or strictly proprietary plan?

Answer.—The company issues participating and non-participating policies.

What proportion of the profits of the company may be paid to the stockholders for use of real or guaranteed capital?

Answer.—Discretionary with board of directors.

Does any officer, director or trustee receive any commission on the business of the company?

Answer.—No, except as reported herein.

Has the book value of any asset been increased during the year except to bring bonds toward par?

Answer.—Yes. Home office building in accordance with expenditure for additions and improvements.

What proportion of premiums on policies issued by the company may be taken in notes, or other form of lien, on the policies?

Answer.—No proportion of premiums on policies issued by the company is taken in excess of provisions of law, i. e., not exceeding the reserve on the policy at the time the loan is made.

## BUILDING AND LOAN ASSOCIATION DEPARTMENT.

There are 357 Building Associations in the State. Of these 21 are in process of liquidation and the affairs of five are being wound up by receivers.

During the year ending June 30, 1907, twenty associations closed their affairs and retired from business and fifteen new associations were organized.

Reports were filed by 334 associations. The assets of the associations have increased \$1,838,853.72 over preceding year. The loans have increased \$1,742,019.26.

The reports show that the associations still in actual business are in a prosperous condition.

Lists of the new associations, those retiring from business, those in process of liquidation and in receivers' hands follow. Also comparative statements showing the condition of the associations June 30, 1906, and June 30, 1907, together with statements showing conditions of each association reporting June 30 last.

# BANK DEPARTMENT

---

1907

---

JOHN C. BILLHEIMER, AUDITOR OF STATE

R. B. OGLESBEE, BANK CLERK

---

INDIANAPOLIS:

WM. B. BURFORD, CONTRACTOR FOR STATE PRINTING AND BINDING.

1907.

## BANK DEPARTMENT.

---

The following bank statements show the condition on September 30, 1907, of each state bank, private bank, trust company and savings bank operating under the State laws.

There are given tables showing the resources and liabilities of the state banks and private banks on the dates of the different calls for statement of condition during the fiscal year. Also comparative statements showing the condition of these banks, trust companies and savings banks on October 31, 1906, and September 30, 1907.

During the eleven months ending September 30, 1907, there have been organized twenty-nine state banks, with a capital of \$910,000, fifteen trust companies, with a capital of \$855,000, and thirteen private banks, with a capital of \$154,000.

This report is made for September 30 instead of for October 31, as heretofore, for the reason that the General Assembly at the session of 1907 changed the fiscal year for the Auditor of State to terminate one month earlier than under the former law.

## NEW STATE BANKS.

---

The following state banks were incorporated between November 1, 1906, and September 30, 1907:

Bloomfield—Bloomfield State Bank.  
Bourbon—Bourbon Banking Co.  
Brownstown—Citizens State Bank.  
Burnetts Creek—State Bank of Burnettsville.  
Butler—Knisely Bros. & Co.  
Carlisle—Peoples State Bank.  
Carmel—Citizens State Bank.  
Chrisney—Chrisney State Bank.  
Connersville—Central State Bank.  
Converse—Farmers State Bank.  
Darlington—Farmers & Merchants State Bank.  
Farmland—Farmland State Bank.  
Fulton—Fulton State Bank.  
Gary—Gary State Bank.  
Glenwood—Glenwood State Bank.  
Lake—Lake State Bank.  
Liberty Center—Liberty Center Deposit Bank.  
Lynn—Citizens Banking Co.  
Marion—Grant State Bank.  
Matthews—Farmers State Bank.  
Medaryville—Medaryville State Bank.  
Monroe—Monroe State Bank.  
Mulberry—Mulberry State Bank.  
New Albany—Floyd County Bank.  
New Richmond—Corn Exchange State Bank.  
Ossian—Bank of Ossian.  
Pekin—Citizens Bank.  
Terre Haute—American State Bank.  
West Terre Haute—State Bank of West Terre Haute.

The following state banks incorporated prior to September 30, 1907, were not yet open for business at that date:

Brownstown—Citizens State Bank.  
Gary—First Bank of Gary.  
Gary—Gary State Bank.  
Glenwood—Glenwood State Bank.  
Lynn—Citizens Banking Co.  
Monroe—Monroe State Bank.  
Terre Haute—American State Bank.

The name of the Peoples Deposit Bank of Indianapolis was changed to Peoples State Bank March 4, 1907.

#### STATE BANKS DISCONTINUED.

The State Bank of Lafayette was liquidated February 20, 1907, by a vote of the stockholders and all debts were paid in full.

The Farmers & Citizens Bank of Farmland ceased by expiration of its charter May 31, 1907, and was immediately succeeded by the Farmland State Bank under the same ownership and management.

The Peoples State Bank of Huntingburg was closed by E. M. Hinshaw, Bank Examiner, under direction of the Auditor of State, January 14, 1907, and was placed in charge of Fred H. Poetker, receiver, January 19. The bank was badly insolvent in consequence of irregularities on the part of the cashier, for which he was subsequently indicted and arrested. At the date of this report the trial had not been had and the receiver had paid no dividend to creditors.

The Peoples State Bank of Brownstown was closed August 3, 1907, by Charles W. Camp, Bank Examiner, under direction of the Auditor of State. August 12, O. S. Brook was appointed receiver and took charge of the assets. At the date of this report no dividend had been paid. The serious insolvency of the bank was caused by the alleged criminal conduct of the president, who was indicted but not arrested, having fled on the day the bank was closed.

The Peoples Bank of Madison is in process of liquidation by a vote of the stockholders had February 9, 1907, for the purpose of merging the bank into the Peoples Trust Co.

#### STATE BANKS—INCREASE OF CAPITAL STOCK.

The following state banks have increased their capital stock in the amounts named, between November 1, 1906, and September 30, 1907:

# LAND DEPARTMENT.

## LAND DEPARTMENT.

---

Owing to the extended prosperity of the people of the State and continued never-failing crops, farm land has reached the highest price per acre ever known in its history.

A very small percentage of land is now owned by the State, most of which is forfeited to the State for non-payment of loans from the College or Permanent Endowment Fund.

This Department has been very busy since the last period of prosperity began, in clearing titles of lands where sales have been made; in furnishing certified copies of Original Patents or in giving a certificate of release to an old Sinking Fund mortgage, given sometimes as far back as 1835, and long since paid, but the mortgage never satisfied of record in the county in which the land lies. This department has succeeded in disposing of much of the lands and lots that the titles have been in the State on account of tax and other sales. Some escheated land has been disposed of within the last year. Many letters are received making inquiries about titles of certain land, both canal and swamp, in different parts of the State, which, upon investigation, there seems to be a cloud resting thereon.

The importance of this should be called to the attention of the General Assembly; that an expense fund should be set apart to enable the department to make a close and thorough investigation of titles called in question, and if necessary, the department should be authorized to plat and survey all such lands.

The Government survey and plats in the lake and swamp district of the State show only the meandered lines and number of acres only to these lines, leaving lands that have been reclaimed by the State still in its title as swamp lands. Much of this has been disposed of, but much of it still remains of title in the State, and special provision should be

made by the General Assembly by an expense fund that the Land Department may become more efficient in disposing of this class of lands and the State very much benefited.

There still remains in this department many original patents conveying title to W. & E. canal lands. Our laws require that these patents should be recorded in the counties in which the lands are situated, and until this is done there rests a defect in the title of record.

Where patents have been taken out, and the holder never having the same recorded, but are now lost, certified copies may be issued from this department, for record in the counties.

The records in this department show that no patents have ever been issued to many tracts of swamp and university lands. These lands have evidently been sold, under the direction of the auditor and treasurer of the county, but the purchasers have neglected to forward the certificate of purchase and obtain a patent from the State. In some instances the owner still holds his certificate of purchase for university lands which was bought on credit and this office has no record thereof.

\*The Auditor and Treasurer of this county declined to appoint appraisers for these lands, as the law directs, because they are worthless, and not enough money could be realized from their sale to pay expenses.

## LANDS HELD BY THE STATE BY DEEDS.

### MARION COUNTY.

The east half of the strip of land lying south of the cross-cut of the Central Canal, in the city of Indianapolis, more particularly described as follows, to wit: Commencing at the junction of Market and West streets and running thence west on the line of Market street to the western boundary of the land known on the plat of the city of Indianapolis as "the reservation"; thence north to the southern base of the embankment of said canal; thence east along said canal embankment to West street; thence south to Market street, the place of beginning. The title to this tract of land was held to be in the State in the suit of the State of Indiana *vs.* the Water Works Company of Indianapolis, by a decree of the Hendricks Circuit Court, rendered at the January term, 1879.

This tract is held by the Indianapolis Benevolent Society, under a lease executed by M. D. Manson, Auditor of State, April 1, 1880.

In addition to the foregoing the State holds title to the following described premises, which have not been appraised or offered for sale:

Lots 242 and 243, in E. J. Peck's subdivision of the south part of outlot 134, in the city of Indianapolis. Conveyed to the State by E. J. Peck and wife in consideration of \$40, and with this provision: "Said lots to be used as a place of burial for the dead, and for no other use whatever, and if otherwise used then to be forfeited to the original proprietors, their heirs or assigns."

## SECOND SESSION.

THE STATE OF INDIANA,  
OFFICE OF THE AUDITOR OF STATE, INDIANAPOLIS, IND.,

Tuesday Morning, July 2, 1907, 10 o'clock

The State Board of Tax Commissioners met at the above named place and hour, with all of the members present except Honorable Fred A. Sims, Secretary of State, and Honorable John C. Wingate, Commissioner.

In the absence of Honorable Fred A. Sims, Secretary of State, and ex-officio Chairman of the Board, the Board was called to order by Honorable John C. Billheimer, Auditor of State.

On motion of Commissioner Martin, seconded by Commissioner McCardle, John C. Billheimer, Auditor of State, was selected as Chairman pro tem. of the Board, to serve until such time as Honorable Fred A. Sims, Secretary of State and ex-officio Chairman of the Board, should attend the sessions of the Board.

Thereupon the Chairman pro tem. of the Board announced that the State Board of Tax Commissioners had convened on this the first Tuesday after the first Monday in July, pursuant to the provisions of Section 4 of "An Act Concerning Taxation," approved March 2, 1907 (Acts 1907, page 133); and that such matters as are prescribed by the laws of the State of Indiana to be considered at said second session of the annual session of the Board would be taken up thereat and duly considered by the Board.

There being no person present desiring to be heard by the Board with reference to the change or modification of any assessment made by the Board at its first session of the present annual session, on motion the Board went into executive session for the consideration of the various matters pending before it, and so remained until the hour of 12 o'clock noon, when, on motion, the Board adjourned until 2 o'clock p. m.

The Board met at 2 o'clock p. m., pursuant to adjournment, with all of the members present except Secretary of State Sims and Commissioner Wingate, with Auditor of State John C. Billheimer, Chairman pro tem. of the Board, presiding.

There being no person present desiring to be heard by the Board relative to the change or modification of any assessment made by the Board at the first session of the present annual session of the Board, on motion, the Board went into executive session for the consideration of the various matters pending before it, and so remained until the hour of 4 o'clock p. m., when, on motion, the Board resumed the transaction of business in open session.

On motion, the Board now takes up for consideration the assessments of the personal property and real estate of the several counties of this state, for the purpose of equalizing the assessments of said real estate and personal property, and for the purpose of considering the increase of such assessments of real estate and personal property; and the abstracts of said assessments of real estate and personal property not having been made to the Auditor of State, as required by law, the Board, on motion, unanimously adopted the following resolutions, to wit:

*Be it resolved by the Board, That, beginning on Monday, the 22d day of July, 1907, the Board will take up and consider the assessments of the real estate and personal property of the several counties within this state and of the several incorporated cities and towns within this State, under and pursuant to an Act of the General Assembly of Indiana, approved February 28, 1905 (Acts of 1905, page 105), for the purpose of equalizing said assessments, and for the purpose of considering the matter of the increase of such assessments of personal property and real estate of such counties and of the incorporated cities and towns within this state, including lands, town and city lots; and after such consideration will determine such rates of addition to or reduction from the listed or assessed valuation of each of said classes of property in each county and in each city and in-*

incorporated town in the several counties within this state, or to or from the aggregate assessed value of each of said classes of property in the state, as may be deemed by the Board to be equitable and just.

*Be it further resolved,* That at the time fixed for such hearing, any representative of the Board of County Commissioners of any county, and any taxpayer of any county to be affected by any proposed increase of assessment, may appear in person or by attorney and be heard with reference thereto.
